

Video Lessons

Step-by-Step Video lessons have been created to make learning easy & fun.

- Everything you need to know about the product or topic included in the video lessons.
- Each Feature and Function is demonstrated in detail.
- Master your machine or product quickly and easily.
- Lots of extra hints and tips are included in the lessons.
- Learn as you go, by working on YOUR machine or software, as you follow along with the video lessons.
- It is like having the teacher available 24/7/365 where you can learn at your pace, at a time that is convenient for you, and in the comfort of your own surroundings.
- There are many individual step-by-step video lessons and several hours worth of detailed lessons.
- Take the trial and error approach and the frustration out of learning and get the best results fast.
- Install the Sew and Craft app on your phone or tablet - to learn on the go.....

So now..... you don't have to spend countless hours trying to find videos online that give you hundreds of tiny puzzle pieces that you still have to piece together - because in these videos all of the pieces have been arranged in a logical step-by-step sequence for you to follow.
